Dear Brien,

I would like to take this opportunity to thank you and your team for a job well done at Monte Carlo. The building is looking really good, we are happy and have no complaints.

We found Elite Decorators to be professional and well organised through-out the entire project. For keeping to the schedule and finishing the job on time. Your team of workers needs to be complimented on their curtious behaviour, and always being mindful of the occupants of each unit and keeping the premises clean and tidy on a regular basis.
We appreciated the watchful eye Rod kept on the progress of the work, and yourself, for visiting the site on a regular basis, giving us the assurance that the workers were not just left to carry on without supervision.

I would also like to thank you for going the extra mile in painting the boundary wall which was not in the specifications and quotation. Thanks a lot.
Also a big thank you to Ross of Dekro paints who came out several times to put more colour samples on the wall for us to choose from.

We look forward to Elite Painters keeping our building well maintained in years to come.

Kind regards,

Marie van Hoof
